

MT-225 Combo Socket

\$49.00

Fabricated in anodized, high-grade aluminum, the nose cone of the 'rocket socket' easily slips on to the 7/16" nut on floor sweep valve control clamp bands. The four wings capture CMP's Josam plug. A screwdriver can be used for torque in the drive hole located mid-ships. 3/8" Drive

DPW-2 Button-Hook® Kit

\$64.58

The combination Button-Hook Drain Plug Wrench with its spin-off 3/8" Drive socket offers the combination of two great time-saving tools and a money-saving investment. Both in durable stainless steel.

BB-01 Blanket Buddy

\$23.26

This lightweight, but tough little rake removes leaves, twigs and other debris from solar blankets and pool safety covers without punctures or tears. Fast and convenient, it attaches to any standard pool pole.

SQ-01 SQUEEGER

\$32.28

The SQUEEGER makes removing excess water from any drain hose a snap. Just slip the hose on to its axle at the pump and walk your way to an empty hose that now easily rolls up and walk away with clean, dry hands.
